MUKDEN OCCUPIED BY JAPANESE ARMY

Russians Suffer Great Defeat and Are Panic Stricken.

BLOODIEST BATTLE IN HISTORY.

The Losses by Both Armies Have Been Enormous; In Fact, the Greatest the World Has Ever Known. Surrender of Russians Inevitable.

Tokio, March 11.—The Japanese troops occupied Mukden at 10 o'clock this (Friday) morning.

Yinkow, March 11.—Mukden fell at 10 o'clock this (Friday) morning. The Russians are panic-stricken. Thousands of prisoners and enormous quantities of stores and guns have been catpured.

Tokio, March 10, 11 a. m.—Reports from Manchurian army headquarters say that the Japanese have captured Tieta. The Russians are vigorously defending their fortifications north of the Hun river. A duststorm is interfering with the battle.

Tokio, March 10.—Noon.—It is unofficially reported that the Russian strength west of Mukden consists of two corps. The Japanese who destroyed the railroad are pressing the Russians northward, and the portion of the Japanese center pressing the Russians northward along the Mukden railroad is now engaged 6 miles north of the Hun river.

The extreme Japanese right is 5 miles of Fushun.

Nearly all the Russians' heavy guns and many field guns have been captured. The Russians seems to be moving eastward toward Fushun, with the object of retiring north.

News from St. Petersburg.

St. Petersburg, March 10, 2:10 p. m.—The extent of the disaster to General Kuropatkin's army is as yet unknown here, but the most sinister reports receive credence and the public believe that Field Marshal Oyama has succeeded in closing the iron ring around at least a large portion in the army. Communication with Mukden is apparently cut, as no word has arrived dated later than yesterday at 5 in the afternoon, when the situation with General Bilderling who commands the rear guard and thousands who were fighting off the Japanese assaults almost at the wals of the city west and north of Mukden was desperate. Even from the east General Kuroki pushed through until Fu pass, less than 8 miles east, where the Hun bends sharply to the northward, was under te Japanese guns. The opening in the net was then only 13 miles wide and nothing but a miracle, in the opinion of many experts could then have saved the situation.

All hope of Kuropatkin waiting for an opportune moment to strike and convert [illegible] to victory has been abandoned by the military critics and the papers in a dolorous strain chronicle the last and worst reverse to the Russian arms. The only consolation they find is that the Russian troops have been conquered by a wonderful foe.

Russians' Final Stand at Harbin.

Paris, March 11.—The Russian embassy officials say General Kuropatkin's retreat is part of a settled plan. They say the real struggle will occur at Harbin, where the Russians will concentrate large reinforcements. The Japanese occupation of Mukden is generally considered here as definitely showing that the Japanese have won a victory and that General Kuropatkin's reverse may soon reach the magnitude of disaster.

The French military critics say the Japanese capture of Tie Pass practically cuts off Kuropatkin from retreating northward. They also attach much moral importance to the capture of Mukden, the capital of Manchuria.

News at China's Capital.

Pekin, March 11.—The results of the recent fighting in Manchuria have made considerable of an impression in diplomatic circles here, and even the mast sanguine pro-Russians have been forced to admit that the prospects for Russian success are discouraging.

From a Russian point of view it was expected that after the winter had passed the Russian armies reinforced would have avenged their reverses and retrieve their fallen fortunes.

The recent defeat has shattered this hope and it is generally believed that th end of the war is not far distant.

News at Washington.

Washington, March 11.—The Japanese legation received the following dispatch from Tokio:

"Our troops at 10 o'clock Friday morning occupied Mukden.

"Our enveloping movements since some days proved successful, and the bloodiest battle is now proceeding in various places near Mukden."

Story of the Battle.

Mukden, Thursday, March 9.—10 a. m.—The Japanese last night pushed up from the south across the plain between the Shakhe and Hun rivers and are, as this dispatch is filed, about 5 miles south of the latter and from the Hun opposite Machiapu and northward Japanese battery are pouring in a ceaseless fire. The Japanese succeeded in placing siege guns and mortars at Dushantun, about 6 miles west of the city, whence they opened before dawn. Duishantun was the scene of yesterday of the bloodiest and most desperate fighting of all this terrible battle. Its possession was vital to the Japanese, who stormed it again and again. The Russians dislodged them, but the Japanese finally recaptured the village after much hand to hand fighting.

Eye-witnesses say the dead scattered in the streets, court yards and houses have been unburied four days. Rifles and other arms lie about wrenched and twisted. Hand grenades were thrown by the Japanese and the garrison was subjected to the concentrated fire of as many as a hundred guns. Once Diushantun is captured the Japanese can turn the guns on Mukden railroad station, and it has been held at a frightful cost. The Japanese are also concentrating their efforts about 7 miles north of Mukden and about 5 miles west of the railroad with the object of breaking through and cutting off the surrounding trops below.

A blinding dust storm has been raging since daylight and the day promises to witness a most gruesome encounter the result of which no one can conceive.

CORONER'S JURY'S VERDICT.

Declare that Mrs. Jane Stanford Died an Unnatural Death.

Honolulu, March 11.—The coroner's jury returned a verdict that Mrs. Jane Stanford died an unnatural death. The verdict says that the death was due to strychnine poisoning the poison having been introduced into a bottle of bicarbonate of soda with felonious intent by some person or persons to the jury unknown.

The inquest leaves the police of Honolulu as much without a clew as when Mrs. Stanford died. High Sheriff Henry said after the inquest that it was his opinion that the strychnine was placed in the soda in San Francisco by a member of Mrs. Stanford's household. At the inquest Dr. Shorey testified that the strychnine used, as shown by the tests was a strychnine such as is not used for medical purposes, but used principally for poisoning animals. This statement is regarded as being important.

The jury returned their verdict after about two minutes' deliberation. The detectives who are expected to arrive from San Francisco on the steamer Alameda tomorrow may be able to take up the investigation on new lines. The local police admit that they are at sea.

Aged Philadelphian Dead.

Philadelphia, March 11—Oliver Hopkinson, head of one of the oldest and most distinguished families in Philadelphia, died today of pneumonia. He was 93 years of age. Mr. Hopkinson was not only the oldest living member of Philadelphia, but was one of the oldest living graduates of the University of Pennsylvania.

DOUBLE HANGING AT BIRMINGHAM

Two Negroes Pay Death Penalty For Their Crimes.

THEY FACED DEATH CALMLY

One Negro Spent His Last Hours on Earth Shooting Craps—Both Murderers Killed Women of Whom They Were Jealous.

Birmingham, Ala., March 11.—Alex Robertson, negro, was hanged in the jail yard here this morning for the murder of Maggie Hayden, his sweet heart. Jealousy was the cause of the killing. Robertson spent his last remaining hours in his cell shooting craps and seemed indifferent to his fate.

The second hanging in the jail yard here today occurred an hour after the first, when Jud Braham paid the penalty for the murder of Minnie Crenshaw, a school teacher. Both were negroes and had been sweethearts from youth.

While out walking together the woman declined to marry Braham, and he shot her.

Addressing those at the execution as "the congregation," Braham said he was ready to die.

Just before Alex Robertson, the first negro hanged, reached the gallows, he identified Jim Williams, a negro, one of the spectators at the execution, as the murderer of Policeman Bennett at Ensley, two years ago. Williams denied the charge, but was locked up.

WOMAN'S CASE BEING ARGUED.

All Testimony in the Chadwick Trial Is Submitted—Lawyers Talking.

Cleveland, March 11.—It is probable that the Chadwick case will not be given to the jury until some time on Monday. When court opened this morning Judge Taylor asked the counsel on both sides to indicate the length of time they would require for their arguments. He had no desire, he said, to limit the arguments in any way, but wished the attorneys to reach an agreement of some kind.

After a conference between District Attorney Sullivan and Attorney J. F. Dawley, for the defense, it was agreed that the arguments should be practically unlimited. Neither Mr. Sullivan or Mr. Dawley was able to say just how much time would be required but both were of the opinion that all the arguments would consume more than the two session of today.

Assistant District Attorney Thomas arranged to make the opening argument for the government. He confined himself largely to the law in the case, claiming an agreement to commit an unlawful act, was in itself conspiracy, and the agreemnt carried with it the intent to violate the law.

Mr. Garry spoke for about one and a half hours. He was followed by Mr. Dawley, for the defense. The closing arguments will be delivered by Judge Wing for Mrs. Chadwick, and District Attorney Sullivan for the government.

Burton Gets Long Sentence.

Gainesville, Ga., March 11.—Ben Burton, who was arrested last week at Toccoa, charged with burglary, and then believed to be connected with the mysterious shootings occurring here recently, has been convicted in Hall city court in four cases, and was given a sentence of eight months in each, or a total of 32 months. Not being able to pay the alternative of a fine and costs, amounting to about $300, he will serve his time.

Russians Arrested in France.

New York, March 11.—Six Russians alleged to be members of the executive revolutionary committee of Moscow have been arrested in Marseilles, France, according to a Herald dispatch from that city. A search made of the rooms occupied by the prisoners is said to have disclosed the fact that they had been charged with the assassination of the Russian Grand Duke Alexis and Valentin, and that they should have left Marseilles at once to execute their plan.

MEN ORDERED BACK TO WORK.

National Officers of Street Car Men's Union Have Repudiated Strike.

New York, March 11.—Despite sensational reports that organized demonstrations would be made by strikers against the men who have taken their places in the subway and on the elevated lines, which were circulated during the night, no trouble of any kind had ocurred today. At the same time it was apparent that the strike against the Interborough Rapid Transit company which was repudiated yesterday by the national officers of the organizations involved still continued.

Although the national officers had ordered the strikers to return to work expulsion from the union being the penalty for failure to obey in some cases, diligent inquiry along the various lines today failed to show that the order had been heeded. If any of the strikers have returned they had discarded the company uniform as not a single regulation suit was to be seen on any of the trains.

While there was some improvement in the operation of trains on all lines today the normal standard of efficiency of service has not yet been approached. Trains were run at regular and frequent intervals but the regular schedules were not maintained in any case and a lack of uiformity of operation was noticeable in all directions, indicating lack of experience on the part of the trainmen.

WANTS STATE RECOGNIZED.

Daughter of Jefferson Davis Writes to Veterans of Mississippi.

Birmingham, Ala., March 11.—A special to The News from Meridian, Miss., says that Mrs. Margaret H. Hayes, of Colorado Springs, Colo., daughter of Jefferson Davis, has written a letter urging the confederate Veterans of Mississipi to use every endeavor to have the state of Mississippi recognized on the Davis Monument to be erected at Richmond, Va. She says her father always regarded himself as a Mississippian, taught his children as such and that it will be a great disappointment to the family if the best beloved state of Davis is ignored on the monument. But for Mississippi, says Mrs. Hayes, Mr. Davis would never have been given to the confederacy, and that his last prayer was that he might live to be taken back to die in the arms of his adopted mother state. Mrs. Hayes asks that Major General Lowry and other leading confederate veterans make efforts to have the inscription on the monument changed and says it would have been better had the widow of the dead chieftain written the inscription as she best knew what her husband would have wanted on the monument.

FLOODS IN NEW MEXICO.

Trains Are Compelled to Stop Running and Big Dams Burst.

Albuquerque, N. M., March 11.—All Santa Fe trains to rthe west are held at this point indefinitely. Heavy rains to the west and south have swollen all streamns along the Santa Fe, Pacific ad the Rio Grande divisions of the Santa Fe, and the line is badly crippled.

The big Blue water dam on the Rio San Jose and the Cubero dam on the same stream, have gone out and the floods have played havoc with the Santa Fe tracks which closely parallel that stream for nearly 2 miles. The Hugeridge at Rio Puerco station, where the railroad crosses the Rio Puerco, butressed with immense stone walls at enormous cost a year ago, is so badly damaged that it is impossible to get trains across it.

The track along the Rio Grande near La Joya, south of this city, near the influence of the Rio Puerco with the Rio Grande, is badly damaged, large stretches being completely washed away. Five hundred Indians and Mexicans are at Rio Puerco to save the bridge and get the track open for business.

Physician Kills Young Man.

Pine Bluff, Ark., March 11.—Dr. G. A. Mr. Cormick, a well known physician of Jefferson springs, a small town near here has shot and killed James M. Cantrell, a prominent young man of that place. Domestic affairs are responsible for the tragedy.

FAVORABLE REPORT MADE ON TREATY

Funeral Services of Senator Bate At Washington.

OTHER NATIONAL CAPITAL NEWS

Vice President Fairbanks Add Senators Pettus and Overman to Funeral Committee—No Quorum of Interstate Comerce Committee.

Washington, March 11.—The only legislative business transacted in the senate today was in relation to the death of Senator Bate, of Tennessee. On motion of Mr. Gorman, the vice president appointed Messrs. Pettus and Overman, on the committee to accompany the remains of Senator Bate to his home in Tennessee in place of Messrs. Berry and Blackburn, who were unable to serve. Mr. Gorman introduced a resolution providing for the payment of the funeral expenses of Senator Bate, which was immediately adopted. On motion of Mr. Cullom the senate at 12:07 went into executive session.

At 12:50 the senate took a recesse until 1:50, when the funeral ceremonies of the late Senator Bate will take place.

Senator Cullom in the executive session reported favorably the San Domingo treaty. The senate will adjourn over until Monday and discussion of the treaty will begin at that time.

The senate today in executive session confirmed the following nomination: Jerome Martin, New Mexico, register of the land office at Las Cruces, N. M.

A quorum of the senate committe on interstate comerce did not appear at the meeting called for today to decide upon a program from hearings on rail road rate legislation. An adjournment was taken subject to call of chairman Elkins, with the expectation that there would be a meeting Monday. There was an informal discussion as to whether the hearings should begin at once, while the senate is considering the San Domingo treaty or be postponed until the middle of April, but nothing conclusive was determined.

WANT CONTEST SETTLED RIGHT.

Both Aspirants in Colorado Want a Fair and Square Deal.

Denver, March 11.—Neither Governor Alva Adams nor former Governor James H. Peabody wants the governorship contest settled by any process or procedure except a square vote in the joint assembly on the question as to which of them is entitled to hold the office. The submission to the supreme court for its opinion on the questions involved in senator Alexander's resolutions to declare last November's election void and declare the office of governor vacant, seems to be merely a device of the Peabody Republicans to bring about a situation where a straight vote on the resolutions to oust Governor Adams and declare Peabody elected will be forced.

It is not expected that the supreme court will decide that the legislature can declare the executive chair vacant and Peabody's supporters planned early today to nullify the movement of the anti-Peabody Republicans in favor of seating Lieutenant Governor McDonald in the chair of the chief executive. This done, they believe Peabody can secure a majority over Adams in the decision in the contest.

New Packing Concern Organized.

Chicago, March 11.—A new packing concern, which according to Alderman Milton J. Foreman, its attorney, will invest $1,000,000 or more in the manufacture of dressed beef and kindred products, has been incorporated at Springfield under the name of the Western Packing and Provision company. Attorney Foreman, James Levin, a lawyer, and Joseph F. Grossman are named as incorporators. The capital stock is placed at $200,000, but this, Alderman Foreman says, is only a begining. The concession it is said, will be independent.

LAST DAY OF THE TEACHERS' MEETING

Program Was Carried Out in a Most Impressive Manner.

NEW OFFICERS WERE ELECTED

For the Ensuing Term, After Which the Institute Adjourned for Another Year. Institute Attended by Ninety-Five Per Cent of Teachers.

The third and last day of the Alachua County Teachers' Institute convened at the auditorium of the Gainesville Graded and High School Saturday morning at 8:30 o'clock.

The session was opened by a short prayer by Rev. T. J. Nixon of the Methodist church, followed by the roll call, a large number of teachers responding.

At 9 o'clock Miss Edith Baird read a most interesting paper on "How to Train the Parents to Co-operate With the School Through the Children." This subject Miss Baird handled with perfection, commanding the closest attention. The discussion on the subject was ably handled by Prof. Joseph Henderson Coffee, principal of the Waldo school.

Superintendent J. L. Kelley made a short but most interesting address to the Institute, after which the annual business meeting was held. Among the most important business was the election of officers for the ensuing term. Each candidate was elected unanimously as follows:

M. H. DeLand, Alachua, president; Miss Claudia Ambrose, Waldo, vice-president; Miss Marie Carleton, Hawthorn, secretary; Prof. S. E. McIntosh, Island Grove, assistant secretary; Prof. J. H. Coffee, Waldo, treasurer. The president-elect appointed the following executive committee: Profs. J. Kellum, chairman; Capt. G. M. Lynch and Superintendent J. L. Kelley.

Enormous Fee For Lawyers.

Washington, March 11.—The secretary of the treasury has issued a warrant for $730,000 in favor of Mansfield, McMurray and Cornish, lawyers residing in the Indian Territory, as fees for services rendered by them to the Choctaw and Chickasaw Indians. The secretary of the interior declined to approve the claim on the ground that it is excessive. Congress, however, directed the payment on the showing that it was regular and in accordance with the contract with the Indians.

FLESH BUILDER

The liver of the cod fish produces oil that is a wonderful flesh builder. No fat or oil can compare with it in that respect. To get the best out of it, it must be emulsified and made like cream. A LIVELY MELEE.

Anthony Polite Assaulted Little Brothers With a Jack Lever.

A jack lever is an innocent looking thing, but in the hands of Anthony Polite, colored, it demonstrated the painful side of usefulness Saturday morning. Polite, by the aid of this jack lever, knocked one man into unconsciousness and severely bruised another, all of which cost Polite $10 or thirty days in jail.

The men assaulted were Richard and Christopher Little, brothers, and the incident occurred in Foreman Cameron's section gang, Atlantic Coast Line, where all parties were employed. Christopher Little stated that, without provocation, simply because he would have nothing to do with him, Polite struck him without warning and knocked him backward into a ditch, where he lay unconscious. Richard Little started to the assistance of his brother, when it is said Polite bent the jack lever over his head "just for instance."

Polite was arrested by Officer Granger and arraigned before Justice Colman, with the above result. Having no money, he was remanded to prison.

They Saw Snakes.

The gentle spring is on, and so are the snakes, if we are to judge by the report of M. B. Saunders and A. M. Pournell, two of Gainesville's most reliable citizens, the veracity of whom has never been doubted, except possibly on very "strenuous" occasions.

Messrs. Saunders and Pournell, feeling as young as the average fifteen-year-old school boy who is hustling for a swimming-place in the middle of a hot summer afternoon, decided to take a stroll to North Gainesville Thursday afternoon for the purpose of looking over some property belonging to the former, bordering along Hogtown creek. Upon arriving at the creek they sat themselves beside that romantic stream to take a rest, when they suddenly noted a rustling of leaves above their heads. Looking up they discovered an immense snake in the branches—and it is needless to add what followed.

These gentlemen retreated like Russians before a regiment of Japanese rapid-firing guns. Upon reaching the city each related his story. Mr. Saunders declared his snakeship was six feet long and had several dozen rattles, as the reptile looked to him as though it must have been at the lowest calculation eight feet—and a double-headed proposition at that.

The reporter didn't have the courage to ask the gentlemen the brand.

Fireman Killed in Collision.

Tuscaloosa, Ala., March 11.—There was a head-on collision on the Mobile and Ohio railroad yards here in which John Cunningham, a negro fireman, was killed. The northbound local freight met the switch engine, which was without a headlight, and before the engineer could stop his train the two engines collided.

WIFE BEATER GETS WHIPPED.

Mob Takes Man From Officers and Apply the Lash on Prisoner.

Rome, Ga., March 11.—George Fitzpatrick, a well known character around Lindale, was taken from the hands of one of the deputy sheriffs of this county while being brought to Rome to be placed in jail for alleged wife beating, and whipped almost into insensibility by a mob of masked men, and is said to be almost at the point of death by reason of his punishment.

The deputy sheriff for the Lindale district arrested Fitzpatrick just after dark Wednesday evening and started for Rome with him in a buggy.

When the sheriff and his prisoner reached Mobley park, about half way between Rome and Lindale, they were held up by a mob of masked men, who told the official, with gun in his face, to go back to Lindale, leaving Fitzpatrick with them.

"We will give him all the punishment he will ever get at the hands of the law, and we will give it to him without delay," said the leader of the mob.

A huge placard has been hung, by unknown hands, just outside the big gate at the Lindale Mills.

The sign stated that wife-beating and rowdy drunkenness had to stop in Lindale.

An interesting feature of the matter is found in the fact that "Jim Beat-em" signed himself "King of the Ku-klux Clan."

Killed Woman, Shot Self.

Atlanta, March 11.—The coroner held an inquest yesterday morning over the body of Viola Shepherd, a negro woman, who was shot and killed by Andrew Stubbs two days ago at the corner of Richardson and Pulliam street. After killing the woman Stubbs shot himself and is at the Grady hospital, not expected to live. The evidence was that Stubbs wrote a letter, leaving directions about the burial of himself and woman. He shot the woman three times and himself twice. Jealousy was the cause. The verdict of the coroner's jury was that the woman was killed by Stubbs, and that the shooting was murder.

THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

I have used your S. S. S. and found it to be an excellent tonic to build up the general health and give tone and strength to the system. I have used other things highly recommended, but S. S. S. did me more good than everything else combined. As to its tonic properties it gives a splendid appetite, refreshing sleep, and the system undergoes a general building up under its invigorating influence. 548 Woodland Ave., Warren, O. MRS. TRUCKING ACREAGE WILL BE HEAVY

Superintendent Barker Makes a Survey of the Situation.

THE CROP IS DIVERSIFIED

Truckers Have Prospects of Prolific Yield, and Are Expecting Big Things—One Firm Will Cultivate Four Hundred Acres.

Superintendent L. E. Barker, of the Gainesville and Gulf Railroad, recently made a tour of inspection of this road from Gainesville to Fairfield, in the matter of ascertaining the prospects for the coming vegetable crop, and was well pleased with what he saw. Captain Barker made a thorough investigation, stopping at all points along the line, and to his gratification ascertained that the acreage for the coming crop was never more extensive, or the prospects for a successful and prolific yield never better. The crop now growing comprises beans, peas, cucumbers, tomatoes, and in fact everything in the vegetable line, and the greater part of it is flourishing. The truckers are happy, prosperous and confident, and expect to reap a rich financial harvest the coming season.

Cave & Co., who are located near Fairfield, are preparing to put out the largest crop ever attempted by any firm in this section. The tract will comprise four hundred acres under cultivation, and the crop will be diversified. This firm are among the most extensive truckers in the State, as well as the most successful. They are in every sense of the word practical truckers, and their knowledge of the business has proved of great advantage.

Captain Barker states that the prospects are good for a large cantaloupe and melon crop along the G. & G. the coming season.

The Gainesville & Gulf traverses one of the most fertile fruit and vegetable sections in Florida, and hundreds of carloads of truck are moved by this road annually.

INFORMATIONS FILED.

State's Attorney Calhoun Created Mild Sensation This Week.

There has been "something doing," to use the expression, for the past three of four days in the office of Tax Collector W. D. Dickinson in the matter of the payment of occupational taxes. This rush was among all classes of merchants, business and professional men who were delinquent in the matter of occupational license tax for the present year, and against whom State's Attorney Calhoun filed information.

This is a new departure, apparently, as these matters have heretofore been allowed to drag along in any old haphazard manner, the delinquents being extended the courtesy of leniency, so that a number of them paid whenever they felt it convenient to do so.

The information filed by Attorney Calhoun included about forty names, various occupations, among whom were merchants, doctors, lawyers, etc. It did not require a very long time to get matters on the move, however, with the result that the coffers of the treasurer's office have been increased several hundred dollars.

It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

THE PEOPLE COME SLOW.

Assessor Colson Complains Property Owners Are Procrastinating.

County Tax Assessor W. W. Colson and Assistant Assessor Miller have been kept quite busy recently on the books, but feel somewhat relieved, since they have about caught up with the work.

"I dislike very much to make complaint," remarked the assessor Saturday, "but some of these property owners, especially those in the city, are very slow about sending in their returns. This is a great inconvenience to this office, as frequently we are compelled to hunt a man down, when he could so easily drop into the office and make his return. I believe if they realized how much trouble and inconvenience they place us to they would not hesitate to report their returns here, for either myself or my assistant can always be found in the office.

"It is important that these returns should be made," continued Mr. Colson. "Gainesville is growing rapidly and a great deal of real estate is constantly changing hands. We have no way of ascertaining these transfers unless they are reported here, and I hope in future the public will remember this."

The regular meeting of the Twentieth Century Club will be postponed from the 18th to Monday 20th, and will then be held at the residence of Mrs. W. B. Taylor.

TO DEBAR EX-CHIEF JUSTICE.

State's Attorney in Florida Files Charges Against Jurist.

Jacksonville, Fla., March 11.—Proceedings for disbarment have been entered in the circuit court of Jackson county, of which Marianna is the county seat, against R. B. Liddon, ex-chief justice of the state of Florida, the proceedings being brought by J. Walter Kehoe, state attorney of the first judicial district court.

There are three charges, the first charging that Liddon has been guilty of deceit and misconduct in his office as attorney in the courts of the case in judicial circuit of Florida. The second, that Liddon has been guilty of unprofessional acts which unfit him for association with fair and honorable members of his profession, and third that Liddon has been guilty of dishonest conduct.

The charges were filed in office of Clerk W. M. McRae of the circuit court of Florida on the 2th of March.

The news of steps being taken for disbarment has created a profound sensation.

Sultan Reinforcing Troops.

"RICHARD IS HIMSELF AGAIN."

Recently, at Gainesville, the case of the State of Florida against Wm. M. Holloway was again continued until the spring term of the circuit court. Then perhaps when called a nolle prosequi will be entered on motion of State's Attorney Calhoun. The people of Florida, by their votes in primary and general election, have about decided the case in favor of the defendant. They heard all of the testimony introduced by W. N. Sheats of interpolating a letter he (Sheats) had written. Sheats and Holloway were rival candidates for State Superintendent of Public Schools, and Sheats was defeated in the primary election. Then the State Democratic Executive Committee decided that Holloway was still guilty and must not be a candidate. The committee then proceeded to nominate J. E. Wolfe of Pensacola as the party candidate, but the people (the jury) again acquitted Holloway, and elected him, and this should settle the matter, and we believe that it will.

The Metropolis opposed Holloway's election, believing from what had come to it that he should not be superintendent of schools, but since the people have spoken so emphatically through the ballot box, we accept the result, and will do all we can in a legitimate way to make his career as superintendent a success.

There is nothing now to gain by continuing the prosecution, as no one can take the office away from Holloway, and all should assist—instead of obstructing—him in the discharge of his official duties. Since inaugurated he has demonstrated ability and tact, and an inclination to do his utmost to please his constituents and to elevate the public school system.

The trouble between ex-Superintendent Sheats and Superintendent Holloway grew out of political rivalry, and the matter was referred to the people, that great arbiter of this republic, and they decided in favor of Holloway, and entered on the indictment not guilty, or no true bill, and The Metropolis now suggests to Judge Wills and State's Attorney Calhoun, both of patriotic impulses, that they dismiss this case, as the people did on November 8th, and save our State Superintendent of Public Instruction from any odium which attaches to his office and reflection upon the State of Florida, and let him enjoy the rights of his position without cloud to the title thereof. One people and one party we should dwell together in peace and harmony, as it is best for all concerned. We believe that Mr. Calhoun, a descendant of that great and patriotic South Carolinian, will be justified in moving for a final dismissal.—Jacksonville Metropolis.

The above may surprise those who have not kept up with The Metropolis for the past ten years, but not to those who have watched its course during that time. In 1896 The Metropolis supported Palmer and Buckner as against W. J. Bryan, the regular Democratic nominee. Four years later, however, when The Met. realized that Mr. Bryan would again be the Democratic standard bearer, it came out in a double-leaded editorial advocating his nomination, and has since claimed to be the "original Bryan paper." When Captain (now Governor) Broward was a candidate for the Democratic nomination The Met. belittled him in every imaginable way, but now that he is the State's chief magistrate, to read The Met. one would suppose that Governor Broward is the greatest living statesman and that he had been discovered and elevated to his present position by that paper.

But in the above article The Metropolis has out-Heroded Herod himself. During the last campaign scarcely an issue of that paper left the press that it did not contain some uncalled for cartoon and scathing article opposing the election of W. M. Holloway, the regular Democratic nominee for State Superintendent of Schools, and advocating the election of the Independent candidate, who had been "nominated" by a minority of the State committee. Now that Mr. Holloway is State Superintendent, however, presto, change! The Metropolis would have the case against him dismissed.

The Sun is not aware of Mr. Holloway's wishes in the matter, but those of his friends who stood loyally by him when The Metropolis was doing all in its power to defeat him, desire to see the case disposed of in the regular way. He is as guilty or innocent as superintendent as he was as Candidate Holloway, and a nol prosse of the case would not clear him of the charge now pending. On the contrary, it would give his enemies the very opportunity they so much desire for future use.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Take Hall's Family Pills for constipation.

President Johnson was impeached for resisting a statute of dubious constitutionality. If he had arbitrarily closed a postoffice established by Congress, or appropriated money by an executive order, or seized a custom house without Congressional consent, or made war in Panama without the consent of Congress—if President Johnson had done any or all of these things the result of the impeachment trial might have been different.—The Commoner.

Kuropatkin sent a dispatch to a friend which read, "Pray for me." He will need a few prayers when he faces the Czar.

Ex-Attorney General Monnett has been retained by Kansas to try the Standard Oil trust case. He is quite familiar with this company, having caused a conflagration among their books in Ohio some time ago, although he was not the one who touched the match.

Commissioner Garfield has a great deal of sympathy for the beef trust. He has not found out their profits and perhaps never will if he waits for the trust to inform him. The statement that only a 2 per cent dividend was declared is too gauzy.

Judging from reports from the northern portion of Florida and the south of Georgia, there will be about the same acreage of cotton planted this year as last.

The way to boom the good roads movement is to build a few and let the people see what a good road really is.

Head Nurse Resigns.

Atlanta, March 10.—Dr. William P. Nicholson, chairman of the medical committee of the medical board of the Grady hospital, gave out a statement last night, in which he said that there had been so much published about the trouble at the hospital which was misleading that he desired to give the status of affairs from the view taken by the medical board. He said the nurses were dismissed for leaving 96 patients to their fate at a late hour of the night, and that Miss McGroarty was asked to resign because she was not a fit person to manage the nurses, although she was a nurse of the best training. What she lacked, says Dr. Nicholson, is executive ability.

EWALD G. ABEL'S FINE ORCHESTRA

Able Lecture by Rev. Dr. Bible, the Eminent Divine.

MUSICAL AND LITERARY TREAT

Chautauqua Has a Fine Program for Saturday—Brilliant Lecture and a Grand Musical Evening Please the Patrons of Gainesville Chautauqua.

The weather of Saturday kept many away from the Tabernacle, but those who attended both sessions will never regret it, from the fact that the two programs were of the best, and the concert in the evening a grand musical treat.

The Chautauqua audience at the afternoon entertainment at 3 o'clock was treated to a rare and scholarly effort in the address of Rev. Dr. Bible. Many who were present declare it one of the best of the entire assembly.

Concert at Night.

The concert at 8 p. m. by the Abel Concert Orchestra was all that the most critical had anticipated, and this was one instance where participation exceeded anticipation. The numbers on the program were from the best authors, many from the old masters. The first on the program, "Concert Overture in D," was well performed, as was each succeeding selection.

The bass solo, "Song to the Evening Star," by Mr. Joseph Schreiber, showed the powerful and highly cultivated voice of that gentleman to good advantage, and he responded to an enthusiastic encore with another equally as fine.

The clarinet solo, "My Old Kentucky Home," arranged by Mr. Abel and performed by Mr. Robert Jack, showed perfect execution of the cadenzas, and his entire ornamentation of the difficult number was faultless.

The orchestra played with perfect concert of movement, the modulation of tones and harmonious blending bringing out the strongest points, the instrumentation of the entire six numbers being remarkable for its expression of tone. Not a poor member in the whole ten, and the applause was most hearty throughout. Dr. Strouse deserves especial thanks for this treat.

Sunday's Announcement.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

NEWS OF CITY AND COUNTY CONDENSED

D. W. Tompkins and W. W. Brice, two progressive young men of Micanopy, passed through the city yesterday en route home from Tallahassee, where they represented Micanopy lodge at the Grand Lodge, Knights of Pythias. They report a most enjoyable, as well as most instructive meeting.

After a delightful visit to Mrs. J. N. Strobhar, sister of the former, Mrs. W. G. Strobhar and her interesting little daughter, Helen, returned yesterday to their home in Savannah. This estimable lady made many friends here who regretted very much her departure, but trust she will favor them with another visit at some future time.

The elegant home of Judge J. A. Carlisle, which is being erected on South Arredondo street, is rapidly nearing completion, and within the next thirty days the genial Judge and his estimable family will be pleasantly located there. The house when completed will be one of the neatest and most modern in the city, and a credit to the owner.

The C. W. Parks Big Stock Company, which created such a favorable impression in this city a few weeks ago, will play a week's return engagement here, beginning tomorrow. This show is given under canvas, which is arranged in first-class style. They carry their own scenery, which is as fine as seen in the best opera houses in the country. The company presents nothing but clean, moral shows, which are interesting and instructive to old and young alike. The tent will be located at the same place as before, East Main sereet S., opposite the city hall.

The affair will be a quiet one, only immediate relatives and members of the family being present.

Mr. and Mrs. Dell will make their home in Gainesville.

Mr. Dell is the popular salesman for the C. H. Hargraves Company, and his numerous friends throughout the State will extend congratulations in advance.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

E. F. S. Defeated Again.

DeLand, March 11.—East Florida Seminary was defeated for the second time by the Stetson University baseball team today, the score being ten to eight in favor of Stetson. East Florida Seminary had the game virtually won, but threw it away in the eighth, when the boys seemed suddenly to go to pieces.

Harmon pitched two beautiful games. The Seminary in the game today made thirteen hits against Stetson's seven, and the Seminary boys made only three errors, while six were charged to Stetson.

The Seminary team will arrive in Gainesville via Gainesville and Gulf this morning.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HEAVY RAINS IN KENTUCKY.

Over Ten Inches Has Fallen in Past Forty-Eight Hours.

Mt. Sterling, Ky., March 11.—Over ten and a quarter inches of rain has fallen in eastern Kentucky. Licking and Red rivers are raging torrents, the Licking river having a 24-foot rise today.

Over 200,000 logs have passed into the booms along the rivers, and one hundred thousand more are running in the streams. The Licking river railroad and the Lexington and Eastern railway have both been damaged. The former lost a large trestle by a rise of water in Cany creek. Salt Lick on the Licking and Beattyville, on the Kentucky, are in danger of being inundated and residents along the lower courses are moving out. The mill men will get in one half million dollars' worth of timber in the tide.

Sheriff Saves His Prisoner.

Jackson, Miss., March 11—After hiding in the woods for more than a week and dodging a mob bent on lynching his prisoner, Sheriff Cooper, of Webster county, reached Jackson this morning with Jonas Ward, a negro who acknowledges having committed a criminal assault upon a negress who is expected to die. The sheriff had several very exciting experiences, but succeeded in eluding the mob, composed of several hundred citizens.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

OFFICERS SEIZE DIAMONDS.

Collector of Customs at San Francisco Confiscate Valuable Gems.

San Francisco, March 11.—Twelve Thousand dollars' worth of diamonds have been seized by collector of customs of this port.

Louis Hospidal, an agent for a French diamond firm, had an assignment of diamonds from the firm at Havana, where he was to dispose of them. From Havana, Hospidal went to Mexico, thence to this city, where he was arrested, but upon giving up the diamonds to another agent of the French house, he was released and promised immunity from prosecution by the firm. The collector of customs then seized the diamonds in the possession of the agent and now holds them in his custody. He is about to begin suit to condemn and forfeit the diamonds as smuggled goods on the ground that the stones were not imported by the owner's, but stolen property.

The matter has been referred to the authorities at Washington for instructions.

Forger Gets One Year in Jail.

Norfolk, Va., March 11.—Philip McIntyre, a former Tennessee lawyer, who is wanted in 19 states of the union for alleged forgery, and who was sentenced to one year in the Virginia penitentiary on a plea of guilty following his arrest in New York and extradition to this state has been taken to the penitentiary at Richmond. McIntyre after completing his sentence will be held for the authorities of the first state applying for the Mexican authorities who have applied at the department of justice at Washington for his extradition. The application of the Mexican authorities was filed at Washington imediately after McIntyre was convicted here.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

Peasants Attack Town Hall.

New York, March 11.—Dispatches from San Marco in Lamis, near Manfredonia report, according to a Herald dispatch from Naples that peasants, provoked to riot by local matters attempted to storm the customs house and town hall. There was a conflict with local troops who had 15 wounded, while the rioters had numerous injured and four dead.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 628, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Mayor J. H. Prator, Dr. H. L. Montgomery and J. Lee Stokes of Micanopy were in the city yesterday, having been summoned here as witnesses in the preliminary hearing of the State vs. George Anderson, the negro recently brought from Homerville, Ga., upon a charge of murder. Inasmuch as the crime for which Anderson was charged was committed in the Micanopy district, the case was referred to Justice Smith for trial. The date has not yet been set.

There will shortly appear in The Sun an elaborately illustrated and comprehensive article descriptive of the splendid property and stock of the Spring Park Stock Farm Company, which, under the management of N. A. Callison, has done and is doing so much for the awakening of the interest among Floridians in improved and high-class stock raising. Few, even of our own people, realize the extent to which the gentlemen engaged in this enterprise have gone or how their capital has been expended in bringing the finest registered stock here. Their enterprise means much to the entire State and just how much the article we have referred to will endeavor to show.

After an absence of more than two years, during which time they have resided in Ocala, Mr. and Mrs. J. Starr Sternberger have decided to remove to Gainesville, which will be gratifying to their numerous friends here. They, with their little daughters, Evelyn and Tess, arrived yesterday, and are pleasantly located at Endel Inn. Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.
